

## SUSTAINABLE FOREST MANAGEMENT & ENVIRONMENTAL POLICY

Carrier Lumber Ltd. is committed to responsible stewardship of the forest and the environment in our forest operations.

In conducting our business, we are committed to the following:

- Meeting or exceeding all applicable laws, regulations, and other applicable requirements to which the organization subscribes,
- Documenting, implementing, maintaining and communicating our policy throughout our Company,
- To practice Sustainable Forestry which ensures forest productivity and health,
- To protect the water resources, biological diversity, special sites, known recreation opportunities and aesthetic values of the forests under our management,
- Minimizing adverse environmental impacts and striving to prevent pollution,
- Providing training for our employees and contractors to ensure environmentally responsible work practices,
- Providing the framework for setting and reviewing environmental objectives and targets,
- To broaden the practice of Sustainable Forestry on public lands through community involvement,
- Implementing the company's program, respecting and recognizing the rights of Indigenous Peoples and traditional knowledge differences from one community to another,
- Improving knowledge of Forest Management and implementing advances in Sustainable Forest Management through new science and technology,
- Continual improvement in Sustainable Forest Management and environmental management in our forest practices, and to report our environmental performance publically.
